

TITLE: GSMFC FIN - Nutshell Overview.

AUTHOR: Mike Sestak, GSMFC FIN Database Manager.

Objective 1: Quick overview of the GSMFC FIN.

Objective 2: Discuss problems and solutions encountered in the development of the FIN program thus far.

Objective 3: Discuss methods of data transfer/storage between FIN and FIS.

The presentation will be a quick overview to include the GSMFC FIN setup, data load strategy(s) and program changes/corrections.

Time Frame: 15 minutes.

Required Equipment: None

Required Handout: The Overview Nutshell handout.
